Circle Time

1. Good morning Song
2. How many children do we have today? Count them.
3. How many are not here today? Count them use your fingers.
4. Day of the week. Tomorrow is?
5. Weather
6. Plant
7. Shapes and sizes
8. Theme
9. Story/Finger Play
10. Music/Dance

Note: As teacher is doing Circle time other teacher is setting up for next activity.

Center Time

Art

1. Name the color that the child is using. “This is a red crayon.”
2. “What did you draw?” “ I like the green crayons that you are using . Write what they say on paper
3. “This crayon is shaped like an egg.” This crayon is shaped like a stick.”
4. Staff use words to show children how to use art materials , “Playdough is not to eat.” Name the crayon colors. Show how to dip paint brush in the paint and remove excess.
5. Talk extensively about the child’s artwork. “You made a red line and a blue line, together they make purple”

Dramatic Play

1. Point to picture of career helpers (Policeman, construction worker. Talk about what they do. Ask if they want to put on costume.
2. Help children put on dress up clothes. Have them look in the mirror.
3. Show children how to use materials. Talk about the wok/stir fry.
4. Pretend to order from the menu. State the price on the menu.
5. Call Uber Eats, Pizza Hut . Use the phone. Say the number you are dialing. Place order using the number of an item, the price of the item and ask how long will the delivery take.

Blocks

1. Talk with children about block play. Talk about what they are building. Count blocks. Talk about shape of the clocks and accessories. Talk about how blocks fall down.
2. Compare block colors and shapes. Sizes of structure such as tall/short. Wide/narrow.
3. Talk about the texture of the blocks. Vinyl is smooth. Cloth blocks are soft.
4. Sit on the floor and build a structure. Build tower/bridge road. Talk about it.
5. Add in block accessories. Talk about them. (Cars/animals/people/races/ability/multicultural)

Science

1. Bring science materials to infants. Have them touch the seashells. Have them listen to the waves in the conch shell.
2. Help them explore the science area. Show them specimens, pine cones, etc.
3. Water the plant in the classroom. Have a conversation with the Plant. “ Good morning Mr. Sprout. I know you get watered every Tuesday and Thursday. Would you like a drink today? I know you get a quarter cup (1/4) of water. Lets measure it. Get a child to help.
4. When outside. Talk about the weather. Is it sunny, windy, cloudy, hot etc. Point to the trees and talk about how they have green leaves. Talk about birds or insects that you may see.
5. Talk about cleaning up the playground (Example: We have to pick up our water cups so that we don’t litter.)

Music & Movement

1. Play quiet lullaby when babies are sleeping
2. Do one on one finger plays with children.
3. Sing a song in another language
4. Sing along to the handwashing songs as child washes hands
5. Do fast/slow movements when singing a song. Use high and low pitched voice when doing a nursery rhyme.

Sand & Water

1. Wash hands before and after. Point to hand washing sign. Talk them through each handwashing step. Remind them to push timer.
2. Set up water table outside. Wipe hands before they enter and when they exit.
3. Ask what the sand/water feels like.
4. Ask what are they building, what are they washing
5. Supervise closely.

Library

1. Read books to individual child. Books are in every center. Read where they are.
2. Point out pictures in a book
3. Read text. Point to words as you read.
4. Count objects in a book.
5. Read at least three books to three different children.

Manipulatives

1. Show interest in child playing with manipulatives. Help them with their puzzle. Count the bristle blocks they stacked.
2. Point out the rattle noise in the toy. Talk about color and shape and size of toy.
3. Talk about how interlocking toys fit together
4. Math…Count objects. Talk about shape and size. Use words like bigger/ smaller, gigantic/tiny,
5. Show children printed number. What does it mean? Use fingers when counting.

Language

1. Do finger plays with babies/children.
2. Do Nursery rhymes with child. Point to nursery rhymes on wall and read. Indicate that this is a new nursery rhyme.
3. Talk about what the child did yesterday.
4. Make comparisons/contrasts. (“This ball is small and this ball is large”. “Your shirt is red and my shirt is yellow”)
5. Explain the meaning of a word. “This is an elephant. He is really big and has a long trunk.”
6. Help child communicate “ You are crying. You must be hungry.” “You took his block lets get you one”
7. Add vocabulary to the child. “Red truck. Has yellow wheels.” “ The outfit is an African dress, It is a beautiful blue print”
8. Encourage child to talk. Ask questions…. Give them time to respond…. Answer the question.
9. Talk
10. Talk some more

Safety Practices

1. Explain why children cannot do things. (Please use your walking feet, you may fall and hurt yourself).
2. No yelling across the room. Walk over to the child and explain why what they are doing is wrong. Give reason.
3. Don’t say NO. If you do give a reason.

Health practices

1. Handwashing – point to handwashing signs. Talk child through the process.
2. Wipe noses – show child how. Then wash hands. If you wipe their nose/or face you MUST wash your hands between each child (even if you have on gloves) and they must wash their hands
3. Wash hands, point to handwashing chart and use timer.
4. Wash Hands point to handwashing chart and use timer.
5. Wash Hands point to handwashing chart and use timer.

Diapering

1. Explain what is happening and why during diaper changing. Talk the child through the diaper process.
2. Handwashing – point to handwashing sign. Talk through the steps with the child.
3. Use 2 minute timer for bleaching diaper changing table.

Meals

1. Use math talk when feeding. Ex. Count crackers. Use words like more/less. Bigger/smaller. If using measured serving spoon say the number of ounces of fruit/vegetables.
2. Talk with them during meals. Point out colors and shapes.
3. Always serve all components of the meal together
4. Sit within arms reach during meals.

Diversity

1. Talk about multicultural food in dramatic play. Use wok to make a stir fry. Talk about other culture's food.
2. Talk about multicultural dress up clothes.
3. Talk about differing abilities.
4. Talk about different ages (Baby, child, parents, grandparents)

Outside Play

1. Set Up Playground (identify what you need outside)
2. Children must:
   Run
   Jump
   Skip/Hop
   Catch
   Throw
   Pedal
   Steer
